GRIGGS SLIPPED IN FOR VISIT.

Laid Off.

Will Present Them.

summer and his batting has the pitchers nervous already.

"Goat" Anderson, another of the new men, looks better to Pa every day he works. Anderson fields the balls in good style in left field and is picking up daily in his batting. Last year while with Rochester Anderson hurt his left shoulder, thus breaking down a fairly good batting average. The shoulder is better now and when Anderson makes a hit that puts him on first it's a fast catcher and a fast second baseman that can get his "goat." waver. He did not happen to hit any to right and so did not get a three bag-ger but he hooked a double and a single. When the first division arrived yesterday, Duffy notified him to hang around the regulars awhile, and let Corhan go over and ride the shoulders of the St. Joe boosters

of the St. Joe boosters.

Manager Moore of the Kaws has switched his lineup considerably for the game at the ball lot today and is playing Breitenstein at second and sending Henry Katz, the third baseman from the Akron pennant winning team of the Ohio-Penn league, to short. Whitney and Sabrie both will have a chance at first and Beecher is the pitcher selected for the sun garden. Moore, himself, has elected to watch the men work from the bench. Harkins

the men work from the bench. Harkins will be given a chance to exhibit himself behind the plate.

The plan now laid to straighten out the infield problem involves a new third baseman, who may be given the short or third position. Moore sizes him and Hopke up for the two positions. It is not yet decided where Breitenstein will be used, whether in the field, in the box, or as general utility. It is barely possible he will be used on the infield and then there is Katz, who is a likely candidate.

The new man on the Kaw list is

The new man on the Kaw list is Frank Hafford whom Moore secured from the Lancaster club of the Tri-State league on a trade for Larry Quin an. The latter signed up the other day

Torogle Tracedor.

Completed within a day or two. The old building in which the visiting clubs will be housed has been thoroughly renovated and put in good condition for the coming season. President Murphy is said to have commissioned a Functional agent to nurchyse rurs for

the need of courteous-treatment toward the public. The letter reads: "Let none of us seek opportunity to humiliate a passenger through an as-sumption of superior knowledge or an exacting or sarcastic attitude; as for illustration: A passenger rushes up to the window and demands to know the the window and demands to know the time of the next train west. Don't draw his attention to the vast area located to the westward, and point out the impossibility of your anticipating to what particular point he is destined; or, being technically inclined, give him the time of departure of the next train west, regardless of conditions whether it is a local train or a limited. This are Had Just Hit a Perfect Score, So Arthur Griggs, the heavy hitting outfielder of the Naps, slipped the club at Kansas City and came to Topeka for a visit yesterday.

Griggs had just hammered out five hits, one of them a homer, against the Kansas City Blues on Monday and concluded that would hold them until he could run home for a day. He says the weather at Alexandria where the club trained was sweltering hot. It didn't take long to get cooled off yesterday, however, and when he left last night to rejen the team, he wasn't

it is a local train or a limited. This attitude is not clever.

"Place yourself in the passenger's position: realize that the apparent thoughtlessness of his question is not thoughtlessness of his question is not intended to annoy you, or to give you an opportunity to enjoy your humor at his expense. Endeavor to consider his questions intelligently, and appreciate their true import. Answer him courteously and patiently. Perhaps your hurried passenger is destined upon an unpleasant or sorrowful journey; do not make his discomfort more polgnant by the unfriendly and hostile attitude, but be glad to smooth his way a bit with a kindly word or thoughtful suggestion. gestion.
"We often have inexperienced passen.

gers whose journey makes it necessary to change cars one or more times. Take pains to show them their route, and explain what time their train leaves the junction point, how long they will have to wait at such point, etc. President Ban Johnson of Americans Chicago, March 25.—President Taft and Vice President Sherman wil be the first to receive pass books from the American

league.

President Ban Johnson left last night on a trip to include Cincinnati, Philadelphia and Washington, and will present the courtesies of the American league to the United States executives in the capital city. "It is a good plan, especially in the case of aged people to take a time table and mark with pencil each train the passenger is to use, also junction point.
This information, with the assistance
of our conductors, will give the passengers the experience of traveling
without worry, and in many cases will Thursday.

The cards, prettily engraved, are inclosed in a handsome black seal pocket-book, with the initials of Mr. Taft and Mr. Sherman on the outside. Mr. Taft draws No. A-1, and Mr. Sherman A-2. The passes are good in all of the American league cities. be thoroughly appreciated and have the result of bringing this passenger to our lines whenever he or she finds it neces-sary to make a railroad trip. "Never allow any personal feeling to-

have
Chicago, March 29.—Five players were released by President Charles Murphy of the Chicago National League Ball club Tuesday. Catcher Angemeier goes to the New Orleans club with a repurchase option. Shortstop Cooney goes back to Spekane and St. Paul has purchased Beaumont, Clark and Pitcher Cooke.
Pitchers Fred Toney and "Pepper" Griffin, First Baseman Victor Saler and Third Baseman Jimmy Doyle are the four recruits that have survived the test.

HOW HE CURED

head, legs and arms, and commenced treatment with the local doctors, but did not get much relief. I continued to treat the disease under the direction of different physicians for two years, and at the end of that time they said the disease was chronic. I then quit them and tried various ointments, salves, lotions, etc., for another two years, but soon I was as bad off as before, so I finally decided to let medicine alone, and for twelve or thirteen years I suffered intensely from the Eczema. During the time I lost about half of my hair. At last I began S. S. S., doubtful of a cure, because the disease had run on so long, but I soon discovered that your medicine was doing me good, and continued to take it. After taking S. S. S. for awhile I was completely cured of the Eczema, not having a single spot left on my body, which before was almost completely covered with the eruption. I waited until the Spring to see if it would return, but have seen no signs of it, and am satisfied the cure is permanent. It has been several years now and I do not believe I will ever have any return of the trouble. 1017 Hackberry St., Ottumwa, Iowa. F. C. NORFOLK.

What S. S. S. did for Mr. Norfolk it can do for every one who is afflicted with a Skin Disease. He is just one of the many thousands who have cured themselves by the simple process of purifying the blood and removing the cause from the circulation. We want you to be cured if you have any skin trouble, and shall endeavor in this short talk to tell you just why S. S. S. will accomplish the desired result.

The skin is composed of two distinct layers. One is known as the

epidermis or outer skin, which has no fibres, and serves principally as a covering to the body. The other is known as the derma or true skin, and is composed of elastic fibres, fat tissue, glands, lymphatics, nerves, etc. The thousands of tiny veins and arteries with which this lower section is interlaced, supplies the cuticle with healthful properties from the circulation to keep the skin smooth and healthy. We can therefore readily see how necessary it is for the blood to be pure if the skin remain free from disease, and also why humors and acids in the circulation of the skin remain free from disease, and also why humors and acids in the circulation of the skin remain free from disease, and also why humors and acids in the circulation of the skin remain free from disease, and also why humors and acids in the circulation of the skin remain free from disease, and also why humors and acids in the circulation of the skin remain free from disease, and also why humors and acids in the circulation of the skin remain free from disease.

lation always find their way to the surface and cause skin affections. All skin troubles are due to a humor or acid in the blood. Instead of supplying rich, nutritive properties to the cuticle, the circulation constantly deposits an acrid impurity into the sensitive fibres and tissues. This causes inflammation of the under layer of the skin which splits or breaks the thin outer tissue and causes an ulceration of the glands, producing a discharge upon the surface, in the form of Eczema, Tetter, Salt Rheum, etc. There is likewise a dry form of skin disease such as Acne, Psoriasis, etc. In these varieties the humor in the blood diseases the pores, hair follicles, etc., causing them to swell and protrude to the outer surface. Pimples, rashes, eruptions and like troubles are all due to impure blood, and only a blood purifier can cure them. Salves, washes, lotions. etc., will perhaps afford some temporary relief from the itching, and assist in keeping the skin clean, but such treatment can have no effect on the humors in the blood, and

therefore never do any permanent good.

S. S. S. cures Skin diseases of every kind by neutralizing the acids and removing the humors from the blood.

S. S. S. cools the acidheated circulation, builds it up to its normal strength and thickness, multiplies its rich, nutritious corpuscles, and adds to its purity and nourishing qualities in every way. Then the skin, instead of being irritated and inflamed by fiery humors and acids, is nourished, soothed and softened by a plentiful supply of rich, pure blood. S. S. S. is the greatest of all blood purifiers and therein lies its ability to cure skin diseases. It cures Eczema, Acne, Tetter, Salt Rheum, pimples, boils, rashes and all eruptions of the cuticle. These troubles cannot remain when the cause has been removed, and S. S. S. will certainly remove the cause by purifying the blood. Book on Skin Diseases free to all
